

## **Integrated National Board Dental Examination or INBDE Course Outline**

This Exam is replacing the old system of two Parts Examination of National Board of Dental Examination USA. This Exam has been started in August 2020. This Exam is comprised of Biomedical and Behavioral Sciences as well as all the subjects of Clinical Dentistry.

We have designed a course in which students will be attending 6 lectures on the Topics of Basic Biomedical Sciences, 2 Lectures on Behavioral Sciences. There will be 2 Lectures on Bioethics and One Extended Lecture on Biostatistics, Research Methodology and Epidemiology. There will be 20 lectures on Clinical Dentistry covering all the aspects of Clinical Dentistry required for this exam. One full day online lectures on Insurance issues, Law related questions, and Evidence Based Dentistry.

During the course Three webinars will also be conducted on:

- Management of Medically Compromised Patient in a Dental Office,
- Cariology and Fluorides.
- Blood Coagulation and Coagulation Modifying drugs

We use "Zoom" by Cisco for our online sessions which provides a Virtual Classroom environment.

All study material in the form of ppt, pdf and word format files will be uploaded in the group's file section.

Video Lectures will also be available to the course participants in their respective group.

Web-based Subject Tests will be taken twice a week. Once a week Web-based Test on MCQs related to Case Scenarios will be taken.

Towards the end of the course there will be Two web-based mock exams.

We have a proven track record of 100% results in our NBDE Part 1 and NBDE Part 2 Exam courses in the past.

This complete program will be of 14 Weeks.
